## MOSCOW COUNCIL

### SIGNS A DRASIC DOCUMENT

Calls Upon the Government to Consult the People Regarding the Continuance of the War

Moscow, June 7.—Moscow municipal council have signed the following paper: "Our hearts are aching! neither reason, equity or sense of responsibility to the national conscience can admit that this most disastrous and bloody war of history, the causes of which are incomprehensible to this tortured country, should continue without the consent of the Russian people. Moscow should courageously raise her voice in this year of pain and say that any further postponement of a convocation of the representatives of the nation is impossible. The hour has arrived for the people to decide between war and peace honorable to Russia, and for Russia to proceed to the reconstruction of the national edifice."

### LINEVITCH IS PLUCKY

Gordyazdian, Manchuria, June 7.—Undismayed by Rojestvensky's defeat General Linievitch is for war to the bitter end, and says his army is strong enough to assume the aggressive. He said: "Our defeat at sea has not interfered with my plans."

### TOGO VISITS ROJESTVENSKY

Tokio, June 5.—Admiral Togo visited Vice Admiral Rojestvensky at the naval hospital at Sasebo Saturday, and expressed his sympathy at the Admiral's wounds. He praised the determined obdurate courage of the Russian and expressed the hope that Rear Admiral Rojestvensky would soon be able to return to Russia. Rojestvensky was deeply moved by the Admiral's words and thanked him.

### A QUESTION OF NEUTRALITY

Manila, June 5.—Rear Admiral Enquist, accompanied by Admiral Train and the French consul formally called on Governor-General Wright this morning. After the usual greetings had been exchanged Governor Wright asked "Admiral Enquist, do you wish to stay at Manila permanently?" Rear-Admiral Enquist replied: "My ships are unseaworthy. I have not heard from my government and I request time to make repairs." Governor Wright then said that according to his construction of the neutrality laws the Russian vessels could not remain any longer than to make necessary repairs, and after these were finished they must leave within twenty-four hours or dismantle. Rear-Admiral Enquist requested permission to bring his ships behind the breakwater for repairs. The request was granted him and the ships will be removed Tuesday morning.

Manila, June 5.—The naval board which has examined into the conditions of the Russian warships here report that the *Osly* will require sixty days, the *Aurora* thirty days, and the *Jenning* seven days to effect repairs. Admiral Enquist has requested permission to repair here, saying that he would be unable to sail, except in a smooth sea, on account of his vessels needing patching near the water line. The Japanese consul of Manila called on Governor-General Wright twice today to make inquiries regarding the disposition of the Russian vessels.

Washington, June 5.—The Japanese minister formally inquired at the department of state what action the United States government intends to take respecting the Russian war vessels now in Manila Bay. Acting secretary Looms this afternoon responded that these vessels could be interned provided they did not leave the harbor at once. This exchange has taken place, in order to formally establish the responsibility of the United States for the detention of vessels in Manila harbor until the end of hostilities.

## PROMINENT DIVINE VISITS EDMONTON.

Rev. G. J. Bond, editor of the "Christian Guardian," the leading Methodist paper in Canada, published in Toronto, arrived in the city last evening, and is staying at the Alberta. In an interview Rev. Bond expressed himself as more than surprised to find such an up-to-date and enterprising little city. He said, "Edmonton is bound to be a city and a large one at that. There is no possibility of retarding its growth when there is such an abundant amount of such land in the extensive contingent territory possessed by Edmonton. I shouldn't be surprised if, in a few years you rival Winnipeg. There certainly is no more picturesque city site this side of Montreal." Rev. Bond has been speaking at the different Methodist conferences and will leave tomorrow morning for the Manitoba conference.

### LACROSSE GAME A TIE.

The lacrosse game between Edmonton and Strathcona last evening, resulted in a score of 1 and 1. On account of the darkness the tie was not played off and will be held over until later in the season to be decided. From the time the whistle blew the crowd knew the game to be one of the hardest fought ever seen on the local grounds, and as the play went on this was demonstrated to everyone's satisfaction, as the score indicates. The first goal was registered by Edmonton in the first quarter after a well brought up combination from the centre and in which Maloney was able to locate the nets with the ball. After the first score, however, both teams were practically impregnable in their defense until the third quarter, when Strathcona evened the score and thus it stood until the end of the time.

There were many pretty plays made during the game on both sides, Strathcona showing up better however in their speed, but Edmonton playing a magnificent defense. The contest throughout was clean and fast, and the spectators were more than pleased to see that the referee did not intend to allow any dirty work from either team. The next game of the series will be played in Strathcona.

The line up of the local team was as follows:

Harper—Goals.  
Morris—Points.  
Wright—Cover Points.  
Milne—1st defense.  
Glass—2nd defense.  
Sawle—3rd defense.  
Thom—Centre.  
Walsh—3 home.  
Banford—2 home.  
Maloney—1 home.  
Harris—Outside.  
McQueen—Inside.

## MAY PART COMPANY

### NORWAY AND SWEDEN AT ODDS

Dissolution of the National Partnership Now Said to be Inevitable—Mobilizing Armies

Copenhagen, June 7.—Dissolution between Norway and Sweden is inevitable and this means the dethronement of King Oscar. Notifications of eventual changes in the constitutional situation will be given to the powers by a special mission. In the meantime both countries are mobilizing their armies. The crisis is more grave than Europe thinks it is.

Mr. Bennett.

As Mr. Bennett failed to appear at Woodstock, the following "despatch" from the Calgary Herald is not without interest: At Woodstock Bennett's success at London was there repeated. He fairly carried the audience off their feet there Saturday. He requested the audience not to applaud. They contained themselves for a while, but at last the hard-headed people of Oxford could contain themselves no longer and the applause came up in great waves.

## Saturday Bargains

JUNE 10th.

1 piece blue Lustre, white stripe, regular 40c, on Saturday 30c per yard.

## PROVINCIAL POLITICS.

There appears to be quite a strong sentiment in favor of a coalition government, says the Frank Sentinel, at least for the initial term, but there appears also an equally strong sentiment favoring division at once on party lines. In that riding the contest for the seat in the legislature is likely to develop into a spirited race. The old timers of the Pincher Creek section seem to think they should be accorded the membership priority right, but the people of the Pass towns do not seem inclined to recognize any such claims. They appear to feel that Pincher, having the member for the Dominion Parliament, has about all she is entitled to, and in this connection the Conservatives of the riding who advocate dividing on party lines argue the Pass made the election of Mr. Herron possible last fall, and that in justice the Pincher Conservatives should recompense and help the Pass to send a member for the provincial legislature. Among the candidates prominently mentioned in the Pincher are the following: A. H. Lynch Stanton, of the farm of Stanton Bros.; A. C. Kimmell, Pincher's well-known barrister; Robert Christie, Judge Morgan and J. P. Marcellus, a prominent rancher on the Dry Fork of the Kootenay. In the Pass district, J. A. McDonald, of Blairmore, has already received the nomination from the labor unions and will make the race as a labor candidate. Harry Mathewson, of the Blairmore Times, is avowedly in favor of a member being chosen in the Pass, and it is generally understood that he has a strong feeling as to just whom the office should seek. Harry Lyons, of Blairmore; J. H. Farmer, of Frank; J. W. Ash, Frank, and Jas. Conley, of Hazelton, are names one may hear mentioned as possibilities. It may be that the issue relative to dividing on party lines may be settled in the near future. The Conservatives have taken the initiative and have called a nominating convention to be held at Pincher Creek, June 16. The purpose apparently is to go ahead and put up a candidate, but such a procedure will be opposed, and it may be that the element in the Conservative party who are in favor of a non-party government, will carry the day, in which event the naming of a candidate will be deferred. On the other hand, of those favoring a party government are in favor of the convention, the issue will no doubt be settled by the nomination of a man to make the race as a straight-out Conservative. That would leave nothing for the Liberals to do but follow suit, and it would be a case of party division as far as the riding is concerned.

Alberta Star, Cardston: With the inception of provincial government comes the necessity for an election. It will not be long ere the people of this electoral district will be called upon to name a representative in the new province of Alberta. There does not appear to be any more candidates at present than there are offices to fill. Mr. Woolf has expressed his willingness to abide the decision of the convention which means that he is in every sense of the word a candidate. Whether or not he will be opposed in the convention, or whether any convention will be held remains to be seen. It is doubtful at present to say whether or not the campaign will be conducted on party lines. The Conservatives are clamoring for coalition government and say there is no need to introduce party lines into provincial government—this is later than the Minto-Jay convention, you know! It is thought by many that McGrath will name at least one of the candidates. Cardston will probably name the other. There will be very little to contend for unless party lines are drawn, and then the status of the two great parties will be more or less obscured. The people should endeavor to follow the issues and take a lively part in the naming of the candidates. It is in

the latter instance that so many fail and then say, "The whole thing was cut and dried." If you know a man worthy in every respect and capable to fulfil the obligations of the office and willing to do so, place him before the people and let the electorate be given a chance of expressing their likes or dislikes. The whole thing is in the hands of the people. It rests with the people—or should rest with them, although as a rule, they do not assume it—to name the candidate and place him in office. Find out what your prospective candidate intends to do, what his opinions are on the leading issues of the province and the district; then, if they agree with your judgment in those matters, give him your support. It has been left to a very few to decide the mind and will of the many. This is not right and should not be tolerated by the people. Every elector should take a hand in this matter.

Dr. Carmichael on Territorial Schools

Free Press: There are few men in Canada, east or west, who are better entitled to be heard upon public school matters in the North West than Rev. J. L. Carmichael, D.D., superintendent of home missions of the Presbyterian church in Manitoba and the North West Territories. And few if any have had a better opportunity than Dr. Carmichael has had of judging what is the sentiment of the people with regard to the vexed question concerning education recently raised. For twelve years he was minister of the Presbyterian church in Regina so has a full knowledge of the controversies out of which issued the present system. During the greater part of that period as chairman of the presbytery's home mission committee he was constantly in touch by visits and correspondence with all points in a wide stretch of country. And for the past three years as superintendent, a great part of his time has been spent in travelling here and there throughout the territories. All who know Dr. Carmichael know, too, that his opinion is certain to be not only accurate and shrewd but absolutely fair and unbiased.

With a representative of the Free Press who called upon him recently Dr. Carmichael discussed the present situation candidly and freely.

Asked if he had found among the people in either of the new provinces any great excitement over the educational clauses in discussion of them, the doctor said that he had scarcely heard mention of them except when he had himself introduced the subject. "I had occasion to pay a visit to Toronto recently," he continued, "about the time the autonomy bill was up for its second reading, and not until I reached North Bay did I find any evidence of interest in the matter. Between North Bay and Toronto I heard more discussion of it than one would hear in the west in a whole month."

"Does this silence of the people most concerned denote indifference merely, or does it show satisfaction with the provisions?"

"I think," Dr. Carmichael replied, "that the western people are well satisfied with their educational system and indeed if given an opportunity would likely re-enact it. What very little active opposition is to be found arises from the feeling that the provinces might have been left clear to re-enact their legislation themselves."

"This was a point the doctor said he had not had an opportunity of studying fully, in its legal and technical bearings so he had not thought himself out to a clear conclusion upon it. Like all true Canadians he would not be in sympathy with arbitrary infringement of provincial rights, but he had not been able to study the question so fully as to know what were the necessities of the case. All depended upon the interpretation of the North America act.

"With regard to the present school system of the North West as a system, he had, however, no doubt. It was an excellent system and splendidly administered. The ideal system," he said, "is undoubtedly the one school for all classes of the community. The common school is one of the chief factors in assimilating the different nationalities and transforming all into Canadians. It is a pity to educate separately boys and girls who are to be citizens of the same community. Yet at the present time in Canada, and in view of the conscientious scruples of the minority, this ideal would seem unattainable. And if there is to be separation, no system could be devised which would provide so little separation as that now in force in the North West. In a sense

## UNOCCUPIED TERRITORY

Over 100,000 of these machines have been sold in the U.S. within the last few years at the same price which is being charged for any other standard typewriter. This proves conclusively that the OLIVER is the very best machine made regardless of price.

As there is now in Montreal a factory devoted exclusively to the manufacture of this machine, it can be bought in Canada for the same price at which it is sold in the U.S. without adding from \$25 to \$30 to cover duty and charges, as do all the other standard writers.

This should be a very attractive proposition to any purchaser of writing machines.

MISS A. MCRAE, Teacher.

Standard IV.—Maggie Chegwin, Miles Butchart, Edna Cornwall, Hilda Heathcote, Roy Goodridge, Sylvia Laughlin.

MISS A. HUTTON, Teacher.

## EDMONTON RIFLE ASSOCIATION

Regular practice was held on Tuesday evening, and was attended by ten members, principally tyros, who nevertheless did some very fair shooting, as is evidenced by the scores shown below.

Practice was confined to the 200 yard range owing to the late arrival of the marker, delaying the start until about 7.30, most of those present putting on a second score at this range, and so becoming familiar with it and getting their sights well set.

Following are the best scores:

200 Yards Range

Name Score. Total

W. Burkhousen ..... 5 5 4 3 3 5—29

A. Cameron ..... 3 5 5 4 2 2—24

J. E. Vandy ..... 2 5 3 3 4 2—24

A. W. Robson ..... 2 3 3 4 4 3—23

P. Anderson ..... 2 3 3 4 4 3—23

G. J. McLeod ..... 2 3 3 2 4 4—23

E. Letford ..... 3 2 3 2 4 5—22

V. W. Davies ..... 4 2 3 2 3 4—20

G. G. Robson ..... 2 2 4 1 0 1—8

H. Reid ..... 2 0 2 2 4—17

Dimensions of 200 yard target are:

Bulseye seven inches; Inner twelve inches; Magne, eighteen inches;

Outer twenty inches; remainder of target four feet square.

The next evening practice will be on Thursday, June 8, beginning at 6.30.

City Markets

Hay—\$5 to \$10.

Oats—\$5 to \$20.

Straw—\$2.50 to \$3.

Barley—\$5 to \$8.

Potatoes—40c to 50c.

Mutton—10c to 5c, live.

Beef—3.75 live.

Pork—\$3.50 to 4.35, live.

### Celluloid Starch

Never Sticks. Requires no Cooking

The Borden Starch Works, Limited, Bradford, Ontario.

### EARN A Comfortable Living WITH A Chatham Incubator

Poultry raising with a Chatham Incubator is a very comfortable and easily managed occupation. Unless you want to go into it extensively it need take but very little of your time. Government reports show that the demand for chickens in Canada is greatly in excess of the supply and Great Britain is always clamoring for more. That means a steady market and good prices for chickens. You cannot raise chickens successfully without raising them. She is wasting time setting when she should be laying. While she is hatching and brooding a few chickens she could be laying five or six dozen eggs. The percentage of chickens she hatches is much less than that produced by the Chatham Incubator.

It will pay you to own a Chatham Incubator.

Chatham Incubators contain every improvement of importance in Incubator construction that has been produced. They are made of thoroughly seasoned wood, with two walls, one within the other. Between the walls mineral wool is packed forming the very best insulation. Each piece of the case is mortised and grooved and screwed, making the whole as solid as a rock. Chatham Incubators are equipped with scientifically perfect regulators which are an infallible means of regulating the temperature.

### No cash to pay until October, 1905.

We will start you raising poultry for profit with a Chatham Incubator without one cent of money from you. You will be given a full guarantee that you can make a profit. You can take off seven or eight hatches and make considerable money out of the incubator before the first payment becomes due.

We couldn't make this offer if we were not certain that if you accept it you will get complete satisfaction, if we were not positive that the Chatham Incubator will pay you a handsome yearly income.

This is a straightforward offer. We wish to show our supreme confidence in the Chatham Incubator. We want you to accept this offer as we are sure of the satisfaction our Incubator will give. Every machine we have put out so far has made other sales in the same neighborhood.

Our offer is to send you a Chatham Incubator at once, freight prepaid by us without one cent of cash from you.

You will make your first payment in October, 1905. The balance to be paid in October, 1906, or if a Cash Buyer gets it cheaper. Could any offer be fairer or more generous?

EDMONTON, ONT., November 10, 1904.

The Incubator and brooder that I bought from you last fall, if you will give me a discount, I can very soon pay off the balance.

Very truly yours, Robert Eaton, Chatham, Ont.

MEN. W. RYERSON.

Write us to-day for full particulars of our offer and mention this paper. Don't put it aside for another time as this special proposition may be withdrawn at any time.

### ASTONISHED THE DOCTOR

Mrs. Eaton Recovering. Although Her Physician said She Might Drop Dead at any time.

The Doctor told me I had heart disease and was liable to drop on the street at any time," says Mrs. Robert Eaton, of Dunfermline, Ont.

"My trouble began four years ago with a weak heart. I was often afraid to draw my breath, it pained me. I was bothered with nervousness, shortness of breath, loss of appetite, smothering and sinking spells. I could not sleep. Sometimes a great pain would seize me and I would have to lie down to keep from falling. My hands and feet would seem to go to sleep and a sort of numbness would come all over me and perhaps immediately after the blood would rush to my head and a series of hot flashes would envelop me.

"I took all kinds of medicines, but kept gradually growing worse until about eight months ago when I began using Dr. Leonhard's Anti-Pill. First the pain was relieved until now my appetite has returned, I can sleep well, and have no nervousness, palpitation, faintness or any of my other troubles. They have all entirely disappeared. I feel much stronger, look better, and altogether Anti-Pill has made a woman of me.

"I am entirely cured and cannot say too much for this wonderful remedy. I would never have had the courage to trust Anti-Pill to any one suffering as I did."

## MOVEMENT OF GRAIN

IS AN IMPORTANT QUESTION

Transportation Commission Held Sittings last Evening. When Much Evidence was Produced

Winnipeg, June 7.—After a three hour session last evening, the Royal Commission on Transportation adjourned to meet here again in August. Yesterday it received information regarding the movement of grain from producers to shipboard on the Atlantic. "Valuable data" was supplied by G. C. Castle, warehouse commissioner and C. Tilp, grain exporter. The question of consumption vs. production was carefully gone into by John Lowe, vice president of the grain exchange, who showed that Canada must rank in the near future among the greatest wheat exporting countries of the world, conclusively disposing of any fears to the contrary raised by Chairman Beford. Evidence as to the navigability of the rivers of the west was furnished by the Dominion Government resident engineer, Shulhoff, who considered it a matter of little expense to make the Assiniboin river navigable as far as Brandon, and, with the dredging of St. Andrews rapids, the Red river would be of vast economical importance. The commission left for Fort William, where the next sittings will be held.

## Russian Officers Cowardly

Victoria, June 5.—Dr. Handyside Esq., who is now on his way to London, to report to the British Admiralty, includes in his formal findings several of the statements he makes in private it will make some of the spiciest reading ever perused by the War Lords, and will do much to reassure those who have feared an invasion of India from the north.

Dr. Handyside was for several years in charge of the naval hospital at Esquimalt, and is recognized as an expert in matters of sanitation and hygiene. He was transferred a year or two ago to Hong Kong, where he was employed in a medical way along similar lines to those followed by him at Esquimalt. Being near the scene of hostilities, he was dispatched by the Admiralty to join Nogi's army before Port Arthur, and to report on the Japanese methods of sanitation, etc., in the field.

"I saw with my own eyes," he said, when speaking on the subject to a friend in Victoria, when he was here a few days ago on his way to London, to report to headquarters "between two and four hundred Russian officers in the wards of the military hospital at Port Arthur who had not a scratch on their bodies. They feigned illness to escape the work and danger of defending the fortress.

"More, I say, 25,000 Russian soldiers, well armed, well nourished and in good health, march out and lay down their arms to Nogi's army of war-worn, ill-fed and battered soldiers, whom, by all rules of logic, they could have assisted indefinitely."

"At the bottom of Port Arthur harbor I saw warships enough to have swept Togo from the sea had a proper effort been made to do so."

Summing up, Dr. Handyside declares that the Russian soldier is brave, and to a degree capable, but that the officers as a whole are poltroons and actually afraid to bear their share of the duties and dangers of the campaign.

## ANOTHER WONDERFUL CASE.

Here is something that will be welcome news to many a discouraged one.

For several years I have been troubled with gas around my heart, chestness of breath, in fact, if I walked my usual gas my breath would get so short I would be compelled to make several steps during my walk.

"Of late my food did not digest properly. It turned sour in my stomach, causing me great distress; often, too, I had disagreeable attacks of belching and heartburn.

"I was troubled with severe pains across the middle of my back and the least bending or turning would cause me to almost cry out.

"I was induced to try Dr. Leonhardt's Anti-Pill and from the very first found relief.

"For the last three months I have had no recurrence of my former complaints, so I am bound to say Anti-Pill has indeed cured me."

This is the voluntary statement of Wm. H. Reed, of 165 Queen St., Kingston, Ont. All Druggists sell Anti-Pill. The Wilson-Phle Co., Limited, Niagara Falls, Ont.

"The remedy that cured such an extreme

case is surely worth trying.

## THE NEWS OF THE DAY

## IN CONDENSED DESPATCHES

Brief Items from many sources tell the story of the day's events.

## GERMANY'S HEIR WEDS.

Berlin, June 7.—The Crown Prince Frederick and Duchess Cecilie of Mecklenburg, were married at 5 o'clock last evening, and batteries of artillery and naval guns on land and sea throughout the empire, announced the fact. The wedding was very quiet, according to the simple rites of the Lutheran church and many royal guests had to stand through the quiet ceremony in the plain chapel. The Duke of Connaught attended on behalf of the King of England.

## ALPHONSO HAS A GOOD TIME.

London, June 7.—King Alfonso is in London, and is having a royal time. King Edward and the people of England are doing all they can to make the visiting monarch at home, and he attending all the functions with evident enjoyment. Protestant Westminster Abbey, Catholic Westminster Cathedral, military tournaments and banquets were all attended by the youthful king with genuine pleasure.

## NEW MANITOBA SANITARIUM.

Winnipeg, June 7.—The provincial Government has set apart 1500 acres near Redhead for the erection and maintenance of a sanitarium for tuberculosis. Dr. J. P. Pemfether will be medical director.

## THE TENSION STRONG.

London, June 7.—The row between France and Germany on the Moroccan question has reached a serious phase, and French papers are discussing the unpreparedness of the French frontier in that event.

## ELECTED BY ACCLAMATION.

Levis, June 7.—August Carrier, the Government candidate, was elected by acclamation to succeed the late Mr. Demers.

## ARCHDEACON BODY DEAD.

Toronto, June 7.—Archdeacon Body died today. He had been ailing for some time and took a bad turn on Empire Day, growing steadily worse. He was in his eightieth year and was still active as rector of St. Peters. The funeral will take place Thursday.

## NOMINATIONS YESTERDAY.

Woodstock, June 7.—North Oxford nominations were closed today. They revealed no surprises, the only two names presented being George Smith, barrister, of Woodstock, Liberal, and James Gabel Wallace, barrister, Conservator.

## YESTERDAY'S BALL GAMES.

Fargo, June 7.—Winnipeg took the first of the series with Fargo this afternoon in a splendid game by a score of two to one. The ground was slow, and the Peggars proved the better mud hawks.

Yesterday's scores: Winnipeg 2, Fargo 1; min at Duluth and St. Cloud.

## NOTES FROM THE CAPITAL.

Ottawa, June 6.—The Strathcona Horse will be located at Calgary. Hon. Wm. Ross was introduced in the senate today.

Thus is the fourteenth anniversary of the death of Sir John McDonald and the monument on Parliament Hill stands undecorated.

Esquimalt will now be garrisoned by Canadians for another year. Canada, however, will take full control and pay the full cost of maintenance from July 1st, along with Halifax.

## GUN CLUB SHOOT

Following were the scores at the gun club shoot on Monday evening. Target, 25 singles; known angles:

W. Bishop	22
P. Anderson	21
J. K. Kennedy	20
C. M. Scott	19
Leo Savard	18
J. H. Morris	17
J. A. Carruthers	17
A. J. Carnegie	15
G. Corriveau	13
St. C. Blackett	13
G. E. Carruthers	13
J. E. Graham	12
Tom Grindley	11
J. L. McIle	10
St. Gess, Jeffett	9
Geo. Hostyn	5
Target, 5 pairs; known angles:	
J. A. Carruthers	6
C. M. Scott	6
J. K. Kennedy	6
P. Anderson	6

W. Bishop ..... 6  
St. C. Blackett ..... 5  
J. H. Morris ..... 3  
The next shoot of the club will take place on Friday next, June 9, on the exhibition grounds.

All lovers of the gun are invited. A bus will leave the Windsor at 7 p.m. sharp.

## GERMANY'S HEIR WEDS.

Berlin, June 7.—The Crown Prince Frederick and Duchess Cecilie of Mecklenburg, were married at 5 o'clock last evening, and batteries of artillery and naval guns on land and sea throughout the empire, announced the fact. The wedding was very quiet, according to the simple rites of the Lutheran church and many royal guests had to stand through the quiet ceremony in the plain chapel. The Duke of Connaught attended on behalf of the King of England.

## ALPHONSO HAS A GOOD TIME.

London, June 7.—King Alfonso is in London, and is having a royal time. King Edward and the people of England are doing all they can to make the visiting monarch at home, and he attending all the functions with evident enjoyment. Protestant Westminster Abbey, Catholic Westminster Cathedral, military tournaments and banquets were all attended by the youthful king with genuine pleasure.

## NEW MANITOBA SANITARIUM.

Winnipeg, June 7.—The provincial Government has set apart 1500 acres near Redhead for the erection and maintenance of a sanitarium for tuberculosis. Dr. J. P. Pemfether will be medical director.

## THE TENSION STRONG.

London, June 7.—The row between France and Germany on the Moroccan question has reached a serious phase, and French papers are discussing the unpreparedness of the French frontier in that event.

## Dr. Carmichael on Territorial Schools

Continued from page two

paration has reached the vanishing point. No school allowing of the principles of separation at all could be nearer to the ideal condition. Majority and minority schools are equally state schools. The programme of studies, living up in the school and open to inspection, is absolutely the same in both, with the exception of a half hour at the fag end of the day there is no difference whatever."

"Then you regard the present system as under existing conditions a satisfactory system?"

"Most satisfactory! Indeed I am of opinion that under the present system the separate schools are much less objectionable than they might be were the principle of separation removed entirely. That is, removed in opposition to the protests of the minority." A minimum of separation in law and in fact, Dr. Carmichael considered much preferable to a denial of the principle of separation in law with the illegal existence of it in fact. In addition to this he thought the people were not so eager for separate instruction when they had the legal right to enjoy it as they would be if they were denied it.

As a matter of fact, there were very few minority schools in the Territories. He could not say just how many, but he knew they were not numerous.

One, in Estherville, was a Protestant minority school. The provisions of the law made it difficult to establish a minority school. Government assistance was given to these on exactly the same terms as to the other schools and was based upon such returns as those of attendance, standing of teachers, excellencies of work done, etc. By this means the forming of a minority school was discouraged in any place where the minority attendance would not be considerable. At the same time efficiency in teaching was secured.

The half hour of the day in which religious instruction may be given has been a provision. Dr. Carmichael explained, not demanded by any hierarchy, but suggested and incorporated in the bill by an Inspector of schools who was an elder of the Presbyterian church. That half hour had

not been made much use of by the Protestant clergy. An effort had been made in Regina to take advantage of it, but through the difficulty of securing concerted action, the matter had been dropped. In Fort Qu'Appelle, the doctor thought some use was made of the time by Protestant clergy.

"After all," Dr. Carmichael said, "the most important matter in connection with a school system is the way in which it is administered. In the North West the administration has always been most efficient and the results have been excellent. Care has always been taken to secure properly qualified teachers and those without full qualifications are not allowed to be employed until the trustees have advertised and failed to secure others."

The school system now in operation in the north West and continued in the new provinces you then regard as a good system?"

"Yes," answered the doctor emphatically. "It is difficult to see how it could be improved upon and it works splendidly. The people in the west are undoubtedly satisfied with it. While theoretically I would prefer no separation, I do not believe it wise to ride over the wishes of the minority, and I think the ideal condition is much more nearly approached under this system than it would be if we denied them."

As a matter of fact, there were very few minority schools in the Territories. He could not say just how many, but he knew they were not numerous.

One, in Estherville, was a Protestant minority school. The provisions of the law made it difficult to establish a minority school. Lifebuoy Soap not only cleans but  
purifies. It is the friend of health and  
the foe of dirt.THREE YEARS  
OLD

WHEN the tobacco  
selected in Cuba  
is delivered at  
my factory, I  
begin a special  
treatment to still  
further cure it—  
develop its delightful aroma.

This special treatment re-  
quires two to three years,  
depending on the "crop."

I work it thoroughly—  
through various processes of fer-  
menting and drying in specially  
made apparatus that enable  
me to keep the tobacco in each  
process at certain fixed tempera-  
tures and moist or dry at such  
a degree of humidity—necessary  
to bring out the virtues I insist  
on in each cigar.

By having the filler so aged  
and treated, I make my Pharaoh  
a smooth, palatable smoke—one  
with a delicate incense-like  
flavor and very even combustion.

The binder and wrapper are  
the Connecticut Broadleaf and  
the imported Sumatra respec-  
tively—both tobaccos that  
delight the epicure.

## EDMONTON ALTA. CANADA

POPULATION 7,500

MAYOR: K. W. MacKenzie; Alderman: G. MacK. A. MacLeod, W. H. Clark, D. R. Fraser, J. R. Boyle, T. Bellamy, J. H. Phair, W. A. Griesbach.

Conveniences:—Waterworks, sewer system, telephone system, electric lighting system, all owned and operated by the city.

Board of Trade:—President, A. B. Campbell; Vice-President, A. T. Cushing; Secretary, F. T. Fisher.

Educational Institutions:—Public and separate schools, high school, Alberta College.

CHURCHES:—Roman Catholic, Anglican, Presbyterian, Methodist, Baptist, German, Baptist, Lutheran, Salvation Army.

TRAIN SERVICE:—Leaves for Strathcona 7:45 and 15:30. Arrives from Strathcona 9:15 and 10:50.

## LOCAL

Ball practice tonight.

Only ten passengers came up on the night train on Monday.

Trains: No. 9 on time, due 16 p.m.; No. 11 on time, due 11:30 p.m.

J. Gardner has sold out his interest in the Alberta Barber Shop to J. Cooney.

It is announced that work on the G.T.P. line will begin at Port Arthur on July 1.

Arrangements are being made with Wetaskiwin for a baseball game this coming Friday.

A party including Hon. Clifford Sifton, Chief Justice Sifton and Hon. W. Sifton came up from Calgary yesterday, returning today.

The city council met last night for a short discussion of the new pound by-law. Several amendments were suggested that will later be inserted.

Arthur Nix and J. Schinckel, two boys serving a term in the barracks at Fort Saskatchewan, got away some time since and were recovered at Wabamuk.

The gas boring plant has been removed to the east end of the city where a derrick has been erected and preparations made to sink another hole.

The city police visited several houses in the outskirts of the city on Monday evening and read the riot act to the city by-law regarding houses of ill fame. An exodus is reported to have begun on Tuesday.

A good sized audience attended the concert given by the local lodge of I.O.O.F. in Robertson hall last evening. A well rendered program was given and enjoyed by all present.

Mr. and Mrs. J. A. McDougall have generously devoted the beautiful lawn of their home on Victoria avenue for use for a garden party to be given in aid of the Y. M. C. A. on the evening of Tuesday next.

The increase boys attempted at their game last evening to collect a small admission fee from the spectators. They were generally successful and succeeded in raising about \$5. Some of the supposedly open-hearted sport-loving public, however, on seeing the barrier raised by the boys, were taken with cold feet and either directly refused to contribute two bits, or wended their weary way down town. The increase club is not a benefit institution, and the boys are playing for love of the game. It is lovely up to the public, to that part at least, who love sport for its own sake, to see that the boys are not called on to go into their jackets too much when providing sport for them.

## PERSONAL:

Mr. McCanley of Beaver Lake is in town.

J. Foley of the Indian agency is in town.

Mr. S. Ostrander returned to Winnipeg today.

Hon. J. B. Hall came up from Calgary yesterday.

Mr. Gibbons, Indian agent at Stony Plain, is in town.

Mr. and Mrs. A. E. Jackson went south this morning.

A. E. MacLeod returned from points down the line yesterday.

Mrs. W. J. Carter will not receive for the next two months.

Mr. and Mrs. A. M. Stewart returned from Wetaskiwin yesterday.

## C. P. R. Warned of Hold-up

Nelson, N.C., June 5.—A mysterious report has reached Nelson to the effect that a gang of desperadoes proposed to make the Crows Nest branch of the C. P. R. the scene of the second hold-up in Canada, their object being the capture of a large sum of money which was to be carried through on one of the trains. None of the officials of the C. P. R. at Nelson or elsewhere would admit any knowledge of the matter, but nevertheless the Nelson News declares that the train crews have had orders for some time to be on the alert. All that is definitely to be learned of the matter is that a private circular was sent to those employees of the railroad company, notifying them to be prepared for an attempt. The information upon which this circular was based is said to have been furnished the officials of the C. P. R. by the Pinkerton detective agency.

## WEATHER.

Winnipeg, June 7.—The prospects are for fine and moderately warm weather in all districts today and on Thursday.

The weather has been moderately warm and clear throughout the Territories and Manitoba. Temperature about the same in Alberta, but has risen a little throughout Manitoba. Temperatures recorded for the past twenty-four hours.

Hudson Bay Company  
INCORPORATED 1670

## Flour! Flour!

We manufacture flour in standard grades from carefully selected wheat at our own mills.

The wheat grown in the North-West Territories and Manitoba is acknowledged to be the best in the world for milling purposes, and as our mills are fitted with the most improved modern machinery and processes, the flour will naturally be the best. It necessarily follows that the flour produced and sold by us is of the finest quality and second to none in the market. Try it; you will find the price reasonable, and the quality beyond question.

If you prefer local flour, we have it.
